Applicants need to be 15 – 17 Years old with a Passion for Science

**GET NOMINATED BY A TEACHER OR PRINCIPAL**

We are electing Victorian Junior Tall Poppies for 2016

You will:

✓ Be a science leader in your community
✓ Get the opportunity to do *real* science with *real* scientists
✓ Be a part of a science network
✓ Get the chance to develop your own project and be a ‘voice’ to communicate science

**APPLICATIONS NOW OPEN**

visit www.growingtallpoppies.com

Closing Date: June 1st 2016
“Meeting real people, doing real science, to contribute to the real world”
- A 2014 Growing Junior Tall Poppy Winner, Sarah

A Growing Tall Poppies in Science Award recognises exceptional achievement and commitment to the sciences.

- A Leadership Development program to refine your own ‘Science Personal Project’ to implement in your school
- A three-day Science Immersion Experience with world class scientists at a leading university
- One year’s membership to the Royal Society of Victoria

We aim to get students out of the classroom and experiencing what science is really like.
You have the opportunity to get nominated for our Junior Tall Poppies Program.
